Regular Sunday Mass attendance is a vital element of Christian life.

For Catholics, the Holy Mass is the highest form of worship. Whenever we gather together for Mass, we remember and experience the real presence of Jesus Christ. At every mass, God makes Himself present and available to us with lavish generosity through the saving power of Christ's death and resurrection.

Regular attendance and homework completion is required.

Lack of participation will delay reception of sacraments.

One parent is required to attend classes with their child(ren) every week.
